### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

# **SITUATION SUMMARY**

## **Cal OES INLAND REGION**

- Nothing significant to report.

## **Cal OES COASTAL REGION**

### **2021-04-20 Drought, Sonoma and Mendocino Counties**

#### **Proclamations**

- On 04/21/21, the Governor proclaimed a regional drought emergency for the Russian River watershed in Sonoma and Mendocino counties, where reservoirs are at record lows following two critically dry years and accelerated action may be needed to protect public health, safety and the environment. The text of the emergency proclamation can be found [here](#).
- On 04/20/21, CSWC received a Proclamation of Local Emergency from Mendocino County due to drought conditions. The county is requesting a Director's Concurrence, the Governor's declaration of statewide emergency, California Disaster Assistance Act (CDAA), and all applicable state funding and resources available to the county.

# WEATHER KEY POINTS

04/25/21 - 05/01/21

## Sunday-Monday

- A storm system will continue moving through the state Sunday, bringing a cooling trend, widespread precipitation, and gusty winds
  - Moderate to locally heavy rainfall (with isolated to widely scattered thunderstorms) will continue across northern and central California on Sunday, with lighter rainfall possible in southern California.
    - **No significant or widespread impacts are currently expected for recently burned areas.**
  - Areas of heavy snow and gusty winds will continue over Lassen Park, the Sierra Nevadas, and into the Sequoia National Park Saturday through Monday morning, which will impact travel across mountain passes.
  - The strongest gusty winds are expected across the Sierra, as well as across the mountains and deserts of Southern Region, where there may be visibility reductions due to blowing dust.
  - Gusty winds and dry conditions are expected to bring increased fire weather concern across the Lower Colorado River Valley through Sunday evening.
- Showers will continue Monday, especially in the mountains, but impacts will generally decrease through the day.

## Tuesday-Saturday

- Other than isolated lingering showers Tuesday, drier and warmer weather will develop statewide for much of the work week.
